As you all know this scrumdiddlyumptious story was written by Roald Dahl and was specially made into a play by a glorumptious man called David Wood and then we added our own whoppsy whiffling director Veronica Coburn to make this a fun filled adventure for all the family.

"Well, first of all, " said the BFG, "human beans is not really believing in giants, is they? Human beans is not thinking we exist."

But they do, don't they!

Sophie is a young girl who is snatched out of her bed in the middle of the night by The Big Friendly Giant or The BFG to his friends and is whisked off to Giant Country where Sophie discovers that giants not only exist, but that there are a great many of them who like to "guzzle and swallow nice little chiddler", but not the BFG. He collects dreams and distributes them every night to children .  
When the BFG and Sophie hear that the giants are going to Ireland to eat some children, Sophie decides they must stop the giants once and for all...

So why not join Sophie and The BFG this Christmas and help free the world of troggle-humping Giants -- forever.
